Actual Costs Associated with the **Jackson
County** 911 Emergency Telephone Services
System

ISSUE DATE: March 2, 2001

DOCKET NO. **P575/ES-01-244**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

BACKGROUND

On February 24, 1981, the Minnesota Public Utilities Commission (the Commission) received a copy of Jackson County's report describing its 911 Emergency Services system.

On March 10, 1981, the Commission approved actual costs incurred by Northwestern Bell Telephone Company for 911 outswitching connections from the Okabena, Lakefield, and Heron Lake Exchanges to the Jackson County Public Safety Answering Point (PSAP).

On October 20, 1981, the Commission approved actual costs incurred by Central Telephone Company for providing outswitching trunks from the Lakefield and Okabena Exchanges to the Jackson County PSAP

On October 24, 2000, the Commission approved actual costs incurred by Independent Emergency Services, LLC for providing digital trunk ports from the Heron Lake, Jackson, Lakefield, and Okabena Exchanges to the Ruthton Selective Router in Jackson County.

CURRENT FILING

Jackson County has contracted with Woodstock Telephone Company (the Company) to add router based ANI to their Emergency 911 Services system..

On October 3, 2000, the Company installed two each interexchange circuits from the Heron Lake, Jackson, Lakefield, and Okabena Exchanges to the Ruthton Selective Router for enhanced 911 Services with ANI.

The Company also installed three PSAP interexchange circuits between the Jackson PSAP to

the Ruthton Selective Router.

On January 29, 2001, the Company certified actual costs incurred in providing interexchange circuits from their Exchanges to the Ruthton Selective Router for enhanced 911 services.

The Company is now requesting Commission approval of the actual costs of providing enhanced 911 services to these exchanges. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Woodstock Telephone Company has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A, reflect only charges for services actually rendered in the direct provision of 911 service in Jackson County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Jackson County which have been certified by the Company are appropriate and accurate.
